

Architectural, Engineering and Related Services Price Index, second quarter 2026

Released at 8:30 a.m. Eastern time in *The Daily*, Friday, August 14, 2026

Data from the Architectural, Engineering and Related Services Price Index (2018=100) are now available for the second quarter.

Note to readers

The Architectural, Engineering and Related Services Price Index is a quarterly series that measures changes over time in the prices of architectural, engineering, surveying and mapping services.

With each release, data for the previous quarter may have been revised. The index is not seasonally adjusted. Data are available at the Canada and regional levels.

Available tables: table [18-10-0164-01](#).

Definitions, data sources and methods: survey number [5196](#).

Statistics Canada has an interactive [Architectural, Engineering and Related Services Price Index: Data Visualization Tool](#), which allows users to visualize statistics on the prices of architectural, engineering and related services.

Statistics Canada launched the [Producer Price Indexes Portal](#) as part of a suite of portals for prices and price indexes. This web page provides Canadians with a single point of access to a wide variety of statistics and measures related to producer prices.
