

Freight Rail Services Price Index, October 2026

Released at 8:30 a.m. Eastern time in The Daily, Friday, October 30, 2026

Data for October for the Freight Rail Services Price Index (2018=100) are now available.

Note to readers

The Freight Rail Services Price Index is a monthly index that measures the price changes for delivering a carload of a certain commodity and of a specific weight over a specific distance (specific origin and destination) and under certain terms of shipment.

Data are available at the Canada level only and only for certain commodities.

With each release, data for the previous month may have been revised. The index is not seasonally adjusted.

Products

For a more detailed explanation of the methodology used, please consult the "[Technical Guide for the Freight Rail Services Price Index \(FRSPI\)](#)."

Statistics Canada launched the [Producer Price Indexes Portal](#) as part of a suite of portals for prices and price indexes. This webpage provides users with a single point of access to a wide variety of statistics and measures related to producer prices.

Available tables: [table 18-10-0212-01](#).

Definitions, data sources and methods: [survey number 5224](#).
